### The department
F2 GP trainees will be attached to one of the training practices in Ascot, Bracknell, Maidenhead, Slough, Windsor or South Buckinghamshire. Trainees will be supervised at all times.

### The type of work to expect and learning opportunities
Trainees will generally have morning and afternoon surgeries (timings will depend on individual practices) and can also visit patients in their own homes. Trainees will learn about dealing with acute problems but also chronic disease management and palliative care. The overall educational objectives are to provide the trainee with knowledge, skills and attitudes to take a history/examine patients, identify problems, prescribe safely, keep good medical records, manage time effectively, gain good communication skills with patients and colleagues, use evidence based medicine, cope with ethical and legal issues and educate patients effectively.

### Where the placement is based
Training practices near to Wexham Park Hospital, Slough

### Clinical Supervisor(s) for the placement
GP trainer at the practice

### Main duties of the placement
F2 doctors will be responsible for seeing patients in their own surgeries providing high quality care and maintenance of clinical records. They will have the opportunity to work with different members of the primary healthcare team eg district nurses, health visitors. They will be expected to attend any educational sessions arranged for them.

### Typical working pattern in this placement
