This scenario library has been created with funding and support of the NHS Health Education Thames Valley (HETV), which supports a number of Simulation Fellowship projects every year. This project led to the design and creation of this training resource, consisting of 12 simulation scenarios that have been mapped to the 2010 RCPCH Paediatric curriculum. All the scenarios are designed to a standard generic template, including a graphical display of the scenario events. This graphical display includes colour-coded pathways allowing for difficulty to be adjusted to suit the participant.

The scenarios require demonstration of clinical skills, but will also allow participants to display leadership and non-technical skills, and can be utilised for training more senior trainees, or in future revalidation training for consultants. In addition, with some modification, many of the scenarios could be used for team-based training for multi-professional learning.

Each scenario is comprised of background material, sufficient information for faculty to prepare for and conduct the scenario, and a resource section for the participants. All the references in each scenario are freely available, and an electronic link is provided. Any peripheral material useful for running the scenario, such as simulated anaesthetic charts, drug charts, etc would need to be provided locally.

**LIST OF SCENARIO TOPICS**

- Paediatrics 1: Advanced Care Planning – Initiating Discussion with Parents
- Paediatrics 2: Advanced Care Planning – Picking up Cues from Parents
- Paediatrics 3: Anaphylaxis
- Paediatrics 4: Acute Asthma (Paeds ED)
- Paediatrics 5: Acute Asthma (Paeds Ward)
- Paediatrics 6: Decreased Consciousness (Infant)
- Paediatrics 7: Diabetic Ketoacidosis
- Paediatrics 8: Prolonged Seizure
- Paediatrics 9: Pyloric Stenosis
- Paediatrics 10: Self-harm and Undisclosed Overdose
- Paediatrics 11: Sepsis
- Paediatrics 12: Supraventricular Tachycardia
These scenarios are licensed for your use under the following conditions:

**ATTRIBUTION-NONCOMMERCIAL-SHAREALIKE 3.0 UNPORTED (CC BY-NC-SA 3.0)**

**YOU ARE FREE:**

- to copy, distribute, display, and perform the work
- to make derivative works

**UNDER THE FOLLOWING CONDITIONS:**

- **Attribution** — You must give the original author credit.
- **Non-Commercial** — You may not use this work for commercial purposes.
- **Share Alike** — If you alter, transform, or build upon this work, you may distribute the resulting work only under a licence identical to this one.
- **The NHS Heath Education Thames Valley logo should remain on the scenario** even if the scenarios are altered or the template is used to design further scenarios by another agency. Additional regional or organisational logos can be added as required.

**WITH THE UNDERSTANDING THAT:**

- **Waiver** — Any of the above conditions can be waived if you get permission from the copyright holder.
- **Public Domain** — Where the work or any of its elements is in the public domain under applicable law, that status is in no way affected by the license.
- **Other Rights** — In no way are any of the following rights affected by the license:
  - Your fair dealing or fair use rights, or other applicable copyright exceptions and limitations;
  - The author’s moral rights;
  - Rights other persons may have either in the work itself or in how the work is used, such as publicity or privacy rights.
- **Notice** — For any reuse or distribution, you must make clear to others the licence terms of this work.
