Making the Most of your Academic Career in Radiology

13 July 2016
Venue: RCR, London
Are you an Academic Trainee in Radiology?

Would you like more information about Academic Radiology career progression?

If you answered YES to one of these questions, join our comprehensive one-day workshop on "Career Progression in Academic Radiology". Leading UK Academic Radiologists and stakeholders will discuss the difficulties in progressing in Academic Radiology, the available resources for career progression and funding opportunities.

Networking and poster presentation will be encouraged.
We are looking for abstracts for poster presentations related to your published or in-progress research. Get your research interest known among your peers.

Abstract can be submitted via e-mail to:

tsm34@medschl.cam.ac.uk

Submission deadline: Friday 8 July 2016

Poster size: A0 Portrait
